To whom it may concern,

I am writing to oppose the tax reform according to the following reason:

- 1) This new sales tax will definitely kill hong kong as a shopping paradise. Moreover, tourism will also be seriously affected. Tourists would rather choose other countries to visit and our keen competitors will just benefit from that.
- 2) People will tend to purchase in Zheng Zhen. Which is a contradictory with one of our new policy, 5 days working. This proposal mainly ease the work load of civil servant and also prompt them to purchase and stay with their family during free time. Now you are just doing another thing to mess it up!

For sure that I really have other reasons too. I am happy to leave you my contact if you need further oppotision reasons.
