Your FS said: "政府建議開徵新稅項並非為增加稅收，而是希望維持本港競爭力。他又表示，作為財政司司長是要為本港長遠經濟繁榮，作必須考慮及抉擇"

By lowering overall govt expenditure and civil workers' salaries leading to further tax cuts (profits, income tax) is in no way harm HK's competitiveness. Why should we buy the FS's only way?

Does he imply if HK again loses competitiveness once GST is in place, he will consider more taxes to the public in favor of the big corps "to sustain HK's competitiveness and prosperity"????

NO TO GST AND ANY NEW TAXES!!!
