Subject: RE : PERSONAL OPINION ON GST

I'm a middle class in 45 year old and brought up in Hong Kong.

I'm not keen on account, but I can't see what is the side effects to introduce the TAX in phase, i.e. goods tax and then service tax. It just tests our acceptability and then introduce more.

Otherwise, GST is nightmare for our middle class. Why don't you increase profit taxes ?

Regards

Alex Kwan
