Subject: Objection to GST

06/08/2006 20:39

Urgent

Return Receipt

I strongly object to introduce GST in HK for it will cause severe damage to the tourism and economic development of HK. Simple taxation system is one of the major factors for the success of HK and we should not violate it. Besides, the implementation of GST induce many many administrative cost (i.e. administrative cost) and we don't want to have a BIG government in HK.

NO to GST!!!!
