Subject: Support for GST

13/08/2006 12:21

Urgent

Return Receipt

I fully support the idea of GST. It is a fair system of tax as every citizen has a duty to contribute to the society.

However, the following measures should be taken at the same time of introducing GST:

- (1) To lower the salaries tax to relieve the burden of the middle class.
- (2) To provide relief for the low income class.

Regards

A middle class taxpayer.
