Subject: Goods and Sales Tax - need immediate implementation

Dear Mr. Tang,

I strong believe that HK Government should try everything she can to broaden her Tax base, and GST is a very good approach to acheive the goal.

Many people said that GST will affect tourist rate but I totally disagree with this point of view.

I don't think people plan to visit Thailand will consider the GST issue there before make up their mind, I don't think people plan to visit Japan will consider the GST issue there before make up their mind, I even don't believe people will consider the GST issue there before make up their mind.....

Relax and go on this great Tax-base broadening plan ASAP, I support you!

Kindest regards,

Loy Tsz Ho
