THEME : It is most sensible to use Our Government Officials' ability of Management and Organization to Help the Permanent JoblessFactoryWorkers to form some self-sufficient & Self-Subsistent Co-operations so that the people do not need to be Slaves of Money again.Amen.

00. On This Special Day that some special speeches in connection with the "Eleventh Five-Year-Plan of Our Mainland China" are to be delivered by "Our Mainland China Officials" to "Our Hong Kong SAR China Small Government Officials", I do hope that All the Concerned Can Really Try Every Effort with Genuine Care and Love of Fellow Human Creatures to Put Our Late Compatriot Deng Xi Peng's Ideas into Practice so that (a) All The Chinese Peoples including the Peoples in Our Small Hong Kong SAR can Build Up "A Really Human Community of Harmony" through Repaying and Thanking Our Community in Helping to Narrowing "The Continuously Widening Gap and Abyss between The Rich and The Poor in Our Mainland China and Our Hong Kong SAR China; and so that (b) the So-Called "Financial Centre Oriented Policy expressed basically in the Spirit of Greedy and Insensible Gambling and Speculation among many many ordinary people with little knowledge and little sense of risk on stock markets and whatnot " which is probably harmful to the whole community in the Mainland and in Our Hong Kong SAR. In a Word, May Our Lord Jesus Help All Human Fellow Creatures so that Thanking To Compatriot Deng's ideas, Let All the Government Officials Try The Best To Design Some Policy to Lead The Newly Rich Chinese People to Help The Newly Created Poor in some parts of Our Mainland China and Our Small Hong Kong SAR China owing to "The Insufficiently Thoughtful Planning of Our Previous Mercenary-and-Profit-Maximization-Oriented Economic Transformations" so that the Gap and Abyss between The Rich and The Poor Can Be Narrowed by the Effort of All the Chinese Peoples both the Rich and the Poor and all the Chinese peoples can live in harmony and do not need to pass the buck to others again. Our Lord Jesus, Please Help The Rich (A) to be Less Greedy for Money as Slaves of Mammon and (B) to be More thoughtful with Genuine Care and Love to Help the Poor and the Newly-Poor so that the Greedy behaviours of the Rich and the Newly Rich the nouveau riches can at last be led back on the right track to help to build up real harmony to all with good human and humane senses. Amen Amen Amen.

01. It is a good thing that Our Beloved Finance Secretary accept covertly and indirectly His Responsible and Rational Worries about Our Problems on Budget Balancing. Nevertheless, it is believed that GST and VAT are certainly the WRONG DIRECTION and Wrong Way.

02. First of all, Our Tax Base is not very narrow. Indeed, nearly all recurrent working people and companies of all kinds are Direct Tax Tax Payers of Salary Tax and Profit Tax.

03. In addition, all people and companies who do use money have already contributed indirectly to create incomes for all recurrent working people and companies of all kinds as well as our Most Respectable Pensioners and Retired people.

04. Yet, it is an observable fact that many many local manufacturers have moved away from Our Hong Kong SAR to Our Mainland for their Monetary-Oriented-Profit-Maximization Targets as well as for the benefits of Our Mainland compatriots. Of course, they have done very well as patriots. But, they have certain done a lot of harm and disservice to Our Hong Kong SAR. Not only do hundreds of thousands of Our Famous hard-working Factory Workers (Symbolized as hard-working factory worker personages Chan Po Chu and Siu Fong Fong) have lost their jobs almost permanently, Our Beloved Small Government also Have Lost One of Our Most Stable Sources of Tax Revenues including the salary tax of hundred of thousands of the employees and profit tax of thousands of factories and property tax of thousands of sites in Manufacturing Industries for Exports.

05. Nevertheless, there are still many many ways to BROADEN OUR TAX BASE in the Simplest Way. It is Wrong and insensible to Use the Complicated and Labour-Intensive GST and VAT to broaden our already very wide tax-base in the Era of Personal Octopus Card invented by Our Hong Kong SAR and Widely used In Our Hong Kong SAR.

06. GST and VAT are indeed Unfair Taxes but some very good ways to help governments of all kinds to increase their indirect tax revenues and create

a lots of high pay jobs for government servants of all grades. Not only are GST and VAT basically regressive, they do Attack The Poor People The Hardest. Indeed, if we can think really deeply, GST and VAT are indeed some kinds of doubled and tripled taxes on every thing.

07. Of course, GST and VST mean little to the village peoples who are living some kinds of self-sufficient and self-subsistent lives because they virtually use any money at all. However, in the era of nucleus families, very few people can survive without using money just as their counterparts who were and have been and are living in traditional big families and were and have been and are sharing their talents on all aspects to change the less costly raw materials into the things that they need according to traditional festivals. Of course, it is also clear most people now ONLY know how to use Money to Buy those things for festival consumptions. Therefore, the concerned profit-making manufacturers for local consumptions can abuse traditional festival foods to exploit the people now.

08 These consumers' buying activities have become the great contributors to increases of (a)GDP and (b)Government Salary and Profit Tax Revenues and (c)Inflation. Of course, Government welcome these kinds of of Salary and Profit Tax Revenues though Inflation affects every one. Yet, as the rich and the affluent including the senior government officials have lots of the ways to be compensated, only the poor and retired people suffer most seriously.

09. Therefore, I do believe that if Our Small Government of Our Hong Kong SAR and the Most Senior Government Officials are truly responsible and thoughtful, then they should try every effort to LEAD All the people back on the Right Tracks as in the era of Big families.

10. Our Small Government certainly cannot create hundred and thousands of manufacturing jobs for the hard working permanent jobless factory workers owing to what mentioned in the paragraph 04 above. However, our government officials can use their own ability of management and organization to help these less well-educated loyal and hard-working manufacturers to form self-sufficient and self-subsistent co-operations. It is probably a waste of resources to wrong invest in some kinds of re-training courses which have already created too much supply of workers though these courses can help our government to guarantee jobs for the courses organizers and teaching staffs. Indeed, it is more sensible to help all these people to form some real self-sufficient and subsistent co-operations so that all these people can help one another happily just as in the natural big families with the same ancestors in the past, at present and in the time to come so that they can really live some kinds of real quality lives happily with very very little amount of money; and hence they do not need to be slaves of money and living some hectic lives being exploited unfairly by the rich and the speculators and monetary manipulators.

11. Thank you very much for your attention for the Less Fortunate and the Poor Human Fellow Creatures. May Our Lord God The Holy Trinity Help All of US so that at the Glorious Second Coming of Our Lord Jesus Christ, all of us can hear again with the Greatest Pleasure the Teachings of Our Lord Jesus Christ in the Gospel According to Saint Matthews Chapter 25, Verse 40 : "The King will reply, 'I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'" Amen Amen Amen.

12. GOD BLESS EVERY ONE OF US ON EARTH AND ALL THOSE IN HEAVEN INCLUDING OUR BELOVED HER MAJESTY QUEEN ELIZABETH THE QUEEN MOTHER AND HIS MAJESTY THE HOLY SEE POPE JOHN PAUL THE SECOND, AMEN, AMEN, AMEN .

13. Yours sincerely,

14. 十 Choi Chi Sing Peter (蔡志聖伯多祿)

In Our Lord Jesus Christ with the Everlasting Spiritual Beatitudes as in the Teaching of Our Lord Jesus in the Gospel According to Saint Matthew Chapter 5, Verses 3 to 10. Amen Amen Amen.

15. And On This Special Day that some Special Speeches in connection with the "Eleventh Five-Year-Plan of Our Mainland China" are to be delivered by "Our Mainland China Officials" to "Our Hong Kong SAR China Small Government Officials" the 11th of September, 2006 (Monday) Anno Domini in Accordance with the Gregorian Calendar the Thirty-Eighth Day Following the Most Important Day of True LOVE and CARE, the 4th of August 2006 (Friday) Anno Domini, Our Most Beloved HER MAJESTY QUEEN ELIZABETH THE QUEEN MOTHER is One Hundred and Six Years of Age today. She was born on the 4th of August, 1900 Anno Domini. She has been the Symbol of True LOVE and CARE for All Mankind and Now She is in Heaven. In Praise of Our Lord God The Holy Trinity The Father The Son and The Holy Spirit . Amen Amen Amen.
