Urgent  
 Return Receipt

Dear Sir/Madam,

I fully and strongly agree to launch the GST in Hongkong provided that the 20.4 billions surplus should be returned or at least partially returned to the public through mainly the salary tax and secondly the profit tax. The rationale behind is that we, all Hongkongers, have to share the expenses of HK Gov't, that we have already done, as well as to share the wealth, that the Gov't did very little in the past especially for hi-income group. I am sure I am one of the first 100,000 tax payers mentioned in your enquiry document. That means my yearly contributions form part of the 65% of the tax of HK. I am looking forward to have significant tax relief measures imposed by the Gov't in near future. Thanks.

God Bless,

Wesley
