Urgent

Return Receipt

Attn : HKSAR

The criyique now to expand existing TAX network to enlarge HK Gov't income in the future.

my personal comment not agree so

I suggest now as follows :

1. why not to include NEW tax items which NOT effect much or NOT a trouble or inconvenience to public.
2. PLS consider only those NEW items to those RIGHT parties for they mind not much.
3. EG : why not taxes to :  
ENTRY-IN & ENTRY-OUT airport ?  
All ENTRIES between HK / China gates & ports ?  
Extra on luxury goods, eg : cigarette, ciga, wine, cosmetic, jewellery .. ?  
Extra tax if ONE name-holder more than one car / property .. ?  
Tax on APPLICATION for licences / registration : eg : delux items ?

I think you'll enjoy to claim HIGH tax amount from above POINT 3 which effect not much to lower level of public & LESS your administration fees, right ?
