Before re-structuring the receivable please revise your expenditures is the problem. How

can you keep spending more then what you will receive/earn ?  
最危险的时候,

The so call Civil Servants is eating the People (your Employer) alive.

On top, look back what good you guys has brought us since 1997 ? Argument

When one can no loner afford my servant's' salary, I'll terminate my contract with him/her.

On the other hand, it is time for you to ask yourself "What good can you do for the People"
